

Workshop Pre-Registration Form

Special note to WARM members:

If you are on call and may miss all or part of a workshop or other event due to a birth, you may use this form to pre-register instead of paying the class fees online. Mail the completed form with a check for the fees, check the box asking us to hold it, and we will hold your check and not cash it until you attend the workshop. Likewise, if you are called to a birth and miss a day of a workshop, we will pro-rate your fees and refund a portion for the day you missed. If time is short and the form may not arrive in the mail in time, you can also fax the form to us and we will try to hold a place for you - and hope to see you at the class! The price at the door will then be the same.
